

COVID-19 HOUSE RULES

Dear Guests and Visitors,

We continuously monitor professional and government recommendations, proposals and legislation for the accommodation facilities we operate during an outbreak and, if necessary, we modify the measures applied in our facilities based on these.

Operated accommodation facilities:

Hotel Kardosfa***

7477 Zselickisfalud-Kardosfa GPS: N 46° 24'32" E 17° 75'72"

Haracsi Guest House

7477 Zselickisfalud, Külterület 068/1 GPS: N 46° 24'32" E 17° 75'72"

- 1) All hotel services, including room service, are available only to guests free of infection and symptoms.
- 2) Please make regular use of the hand sanitiser available at several points in the hotel.
- 3) Our staff wear masks in the hotel.
- 4) Persons staying in the Hotel as guests are not obliged to wear a mask.
- 5) For **weddings, family or private events** (e.g. birthday parties), a maximum of 100 persons may be present, excluding staff. Persons who are not protected against the coronavirus can also participate in these events.
- 6) Only persons protected against the coronavirus and persons under the age of eighteen under their supervision may be present at **music and dance events** (e.g. a New Year's Eve music and dance party).
- 7) The rule for **other events** is that only persons protected against the coronavirus and persons under the age of eighteen under their supervision may participate in **indoor areas** without a limit.

It is in our common interest to live our daily lives in the most prudent way, in compliance with international and national recommendations, also during our hotel stays.

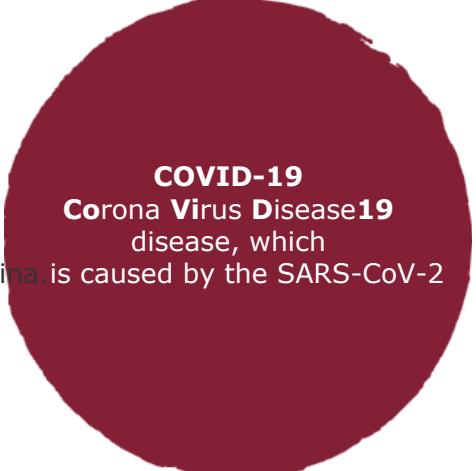

Thank you for your understanding and cooperation, we wish you a pleasant stay in the forests of Somogy!

the Management of Hotel Kardosfa

General information about the coronavirus

Coronaviruses are viruses that are mainly found in animals. Some, however may spread to humans.

The novel coronavirus was identified at the end of 2019 in China. It is caused by the SARS-CoV-2

COVID-19
Corona Virus Disease 19
disease, which

Symptoms may include:

- Fever
- Coughing
- Respiratory complaints
- Muscle pain

Spread

Mainly through droplet infection, with an incubation period of **2-14 days**.

What should I do if I feel ill?

Call your family physician or go to your local medical service at weekends.
All further steps will be discussed with you by your doctor/family physician.

Please note that if you experience any symptoms of the COVID-19 novel coronavirus, or those living with you in the same household are ill, you should postpone your trip or visit or if you experience symptoms during your stay here, you should immediately inform reception.

In case of fever, the room must not be left and the common premises (restaurant, wellness area, etc.) must not be visited. If you need us to, we can help you notify your physician and, depending on your condition, arrange your travel home.
